The District will be the final arbiter of what constitutes continuing duties and direct contact with students. 3**Fingerprinting for Contractors and Subcontractors (as of Sept 2021)**

The criminal background check requirements for contractors and subcontractors who work at public schools were amended in June 2021. A contractor that provides services to a school district must be fingerprinted before beginning work if the contractor:

1. will have continuing duties related to the contracted services, and

The requirement does not apply to a contractor that performs construction, alteration, or repair of an instructional facility if the contractor uses separate sanitary facilities, installs a barrier fence, and has a policy that employees may not interact with students or enter areas used by students.

School districts lost access to the criminal history records of individuals who were previously fingerprinted by contractors. If our school district needs to review the criminal history of these individuals, we will need to fingerprint the individuals again.
